THE BLACK MARKET IN BLUEFIN

About This Project: Looting the Seas I

By [The International Consortium of Investigative Journalists](#) | [November 7, 2013](#), 2:00 am

Between 1993 and 2007 more than one in three bluefin was caught illegally, creating an off-the-books trade conservatively valued at \$4 billion.

SPAIN'S \$8 BILLION FISH

LOOTING THE SEAS II

€6 billion in subsidies fuel Spain's ravenous fleet

OVERVIEW: Decades of overfishing leaves Europe's fish stocks in peril and its fishermen in poverty; an impasse paid for by EU taxpayers.

'Pirate' fleet owner convicted of fish fraud

By [Kate Wilton](#) and [Mar Cabeza](#) | November 27, 2014, 5:30 pm

Mannel Antonio Vidal Fago sentenced to prison time for trading illegally-caught Chilean sea bass. [Read more](#)

KEY FINDINGS

- The Spanish fishing industry has received more than €5.8 billion (more than \$8 billion) in subsidies from the EU and Spain since 2000 – far more than the industry of any other
